### **I. Purpose & Scope**

This policy describes the use of the Common Seal of the College and the designation of Powers of Attorney as means by which documents deemed to be deeds may be executed.

### **II. Definitions**

**Common Seal of the College** (the “Seal”) means the official seal used by King’s College London to show that a legal document has been authenticated and approved.

**“Power of Attorney”** means a formal appointment by which the College (the Vice-Chancellor) gives an authorised member of staff (the attorney) the power to act on the College’s behalf and in their name e.g. to execute deeds on behalf of the College.

**“Deed”** means a written document which is executed with the necessary formality (that is, more than a simple signature), and by which an interest, right or property passes or is confirmed, or an obligation binding on some person is created or confirmed.

### **III. Policy**

#### **1. Requirement for a Deed**

1.1. In general, the circumstances under which a deed may be required include:

- a) conveyances of land, or of any interest in land and certain mortgages;
- b) leases of land for terms over three years;
- c) assents, legal charges of land and transferring title to property; or
- d) the grant of powers of attorney.

1.2 A deed may also be preferred where:

- a) there is doubt about whether there is adequate consideration (i.e. the price paid by one party in exchange for a benefit from the other, for example where a guarantee is given by a third party);
- b) the parties to a contract wish to take advantage of an extended period to bring an action for

- breach of contract (12 years under a deed as opposed to 6 years under a normal contract)<sup>1</sup>;
- or
- c) a contract is subsequently varied or otherwise amended and it is not clear that all the parties are providing fresh consideration.
- 1.3 It is conventional to use a deed where:
- there are indemnities against certain tax liabilities;
  - there is an assignment of intellectual property;
  - there is a release of a security; or
  - a guarantee is given to a bank for amounts previously advanced.
- 1.4 At King's, deeds may be executed in two ways:
- under Seal (see 2 below); or
  - by an authorised person under Power of Attorney (see 3 below).

## 2. Seal of the College

### 2.1 When the Seal should be used

- 2.1.1 The Seal may be used in the execution of documents deemed to be deeds. Usually, such documents would describe themselves as a deed.
- 2.1.2 The use of the Seal is not necessary for agreements entered into by the College which are not in the form of a deed, i.e. most of the agreements (simple contracts) to which the College is a party.
- 2.1.3 The Seal may also be affixed to agreements and documents where its use is:
- required by the law of other countries (e.g. where an agreement with an international partner states that it is to be covered by the law of another jurisdiction rather than English law, and that country's law requires the use of a seal); or
  - desirable for ceremonial reasons.

### 2.2 Authentication

- 2.2.1 When the Seal is affixed to deeds and documents (other than College Diplomas) it must be authenticated by the two signatures of:
- the University Secretary and Director of Assurance or designate; and
  - the Vice-Chancellor & President or other member of the College Council designated by the Vice-Chancellor & President.
- 2.2.2 Any document purporting to be an instrument made or issued by or on behalf of the College which has had the Seal affixed and has been authorised in accordance with 2.2.1 shall be treated as a deed unless the contrary is shown.

### 2.3 Recording use of the Seal

---

<sup>1</sup> This provision should only be invoked when absolutely necessary and is expected to be used rarely. The six-year limitation period should be adequate for commercial agreements as the six-year limit does not engage until after a defect or problem has been identified.

The University Secretary and Director of Assurance shall maintain a record of instances where the Seal has been used, which shall be available for inspection by members of the College Council.

#### **2.4 Custody of the Seal**

The University Secretary and Director of Assurance has custody of the Seal and is responsible for its proper safekeeping and use.

### **3. Power of Attorney**

- 3.1 In the alternate to executing under Seal, and only in exceptional circumstances where a deed cannot be executed under Seal, authorised members of staff may execute deeds under Power of Attorney.
  - 3.1.1 Executing a deed under Power of Attorney removes the requirement for the Seal to be affixed and for authentication (as set out at 2.2. above).
  - 3.1.2 Executing a deed under Power of Attorney enables the document to be executed in the same way as a simple contract i.e. with the attorney's sole signature.
  - 3.1.3 When executing a deed under Power of Attorney the attorney should explicitly state within the document that they are executing the deed under a Power of Attorney granted by King's College London.
  - 3.1.4 It is possible the other party to a deed may wish to inspect the relevant King's Power of Attorney, to ensure the power is valid and the deed will be properly executed. In those circumstances it would usually be appropriate for the executed Power of Attorney document to be shared with the other party.
  - 3.1.5 Before exercising power of attorney and executing a deed, the attorney who will be signing should first notify the University Secretary and Director of Assurance and provide evidence as to why the deed cannot be executed under Seal.
- 3.2 Powers of Attorney are granted to staff in specific roles by the Vice-Chancellor & President on the recommendation of the University Secretary and Director of Assurance.
- 3.3 The number of Powers of Attorney granted at any given time is at the discretion of the Vice-Chancellor & President but should be no more than is needed to carry out the College's business.
- 3.4 Powers of Attorney may be limited in scope by category or type of transaction, monetary value of the agreement/contract, or both.
- 3.5 Powers of Attorney must only be administered by the Office of the Chairman & College Secretariat using the form attached hereto as Appendix A as amended from time to time.
- 3.6 When granting Power of Attorney to a member of staff, the Power of Attorney document must be executed under Seal, following the procedure set out at section 2 of this policy.
- 3.7 A copy of each executed Power of Attorney must be filed and maintained by the Office of the Chairman & College Secretariat.
- 3.8 Powers of Attorney may be time-limited as appropriate for the nature of the transactions for which they are granted and will normally be reviewed by the University Secretary and

Director of Assurance in conjunction with the scheduled review of this policy, at which point a determination will be made as to whether they remain in place.

- 3.9 Powers of Attorney will cease automatically if the holder ceases to be in the specific role for which it was granted or leaves the employment of the College.

#### 4. Review

This policy will be reviewed at least every three years.
